

Fantastic Field Day of FUN!!!

This year's competition for practice times in band is getting heated up!!

As you most likely know, band students are required to practice for 100 minutes per week, and have a parent/guardian initial their book to verify this information. The students' minutes are totaled up each week, resulting in an average score for each team. The current score is:

Beginners: 717
Intermediate: 713

It's still a very close game!!

The reward for this competition is going to be a *Fantastic Field Day of FUN*, taking place some time in the spring (exact date TBA). The activities at this day of FUN may include, but are not limited to:

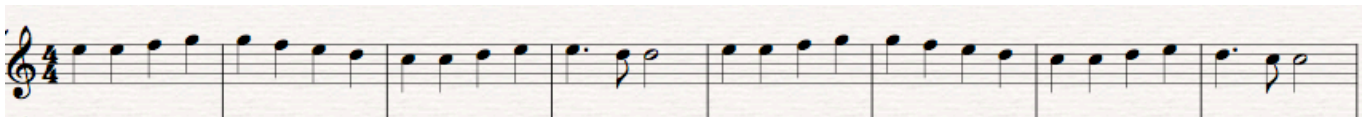

Relay races
Obstacle course
Treasure hunt
Water balloon and/or Egg toss
And MUCH more!!

There will be tons of prizes throughout the Field Day, including glow-in-the-dark silly bands, crazy pens, fun erasers, etc. You don't want to miss out!!! Make sure you are getting your book signed each week, and earning your sticker for getting your parent/guardian's initials.

KEEP UP THE GREAT WORK!!!

Ms. Vogt

Band Teacher – Hatch, Whittier, and Lincoln

Please note: Practice time should not be time simply spent on “fun songs.” Students have an assignment each week, and should be working on songs that are difficult, in order to make improvements each week. Please ask your child what his/her assignment is each week, to make certain that practice time is ALSO productive time.
